Ingredient Spotlight – Opti Crystal

Opti Crystal: This ingredient spotlight touches on a subject that concerns us all...our **EYES**. It is one of the first things we notice about someone we see. Let's look at this special **Eye Serum** that keeps those **fine lines, dark circles and puffiness away**, all in good health!

Opti Crystal is a **unique serum** that addresses all of our concerns regarding the delicate tissue around our eyes. Formulated with Liquid Crystals and Spin Trap, this anti-aging serum will take years off the area around your eyes and nourish it along the way. It replenishes damaged, thinning skin and stimulates collagen and elastin for lasting reduction of fine lines.

Key Ingredients Include:

Liquid Crystal – This nourishes the skin and plumps skin cells.

Spin Trap - The most intelligent anti-oxidant - instead of just neutralizing free radicals, this ingredient actually captures Free Radicals, uses their energy to feed and nourish the cells, encouraging cellular growth while providing a bright, healthy youthful appearance.

Alpha Lipoic Acid – A powerful anti-oxidant that stimulates collagen and elastin production.

Coconut Extracts - Plant growth factor that strengthens skin and supplies nutrients. It's effective yet gentle enough for this delicate eye area.

Copper Complex - This is a very potent blend of copper peptides that also work to stimulate collagen and elastin production while delivering vital minerals directly to the skin. It also increases the skin's ability to heal.

GENERAL INFORMATION

We carry exclusively CosMedix & Société Skincare lines. Both are chirally correct, natural, chemical-free lines containing no parabens, no dyes, no chemical irritation – only high potency vitamins, minerals & antioxidants that change the physiology of the skin.

*Next time you have a treatment at Skin Solutions, ask about adding on an Opti-Crystal eye treatment!

Skincare products are recommended to support our professional services at home.
